

# Price List

for accredited educational  
institutions only

When you buy the basic Question Mark™ package you buy the user manual and the rights to use the authoring and analysis software by *one* person at a time on a *standalone* machine and to provide the runtime software throughout *one* building.

Multi-User Packs allow the authoring and analysis software to be used on a network.

A Delivery License allows you to freely copy and distribute the run-time software *within a specific geographic area* for any purpose except commercial sale.

## DELIVERY LICENSE FOR RUNTIME SOFTWARE

While you retain the rights to all the materials you author using Question Mark™, Presence Corporation licenses the runtime software that delivers them.

The purchase of Question Mark™ allows you to author, publish and distribute within your building. A Delivery License is required if you wish to distribute outside your building, or for commercial sale.

Various licenses are available for each product type, the cost of which varies with:

- *Geographic area of delivery*
- *Delivery to other organizations for profit, or not-for-profit.*

The following Delivery Licenses are the

most commonly requested. The price covers the delivery of tests, surveys and study guides within the geographic area shown, from one building, to students at your educational institution.

County: \$145 State: \$445

Additional State: \$345 All of U.S.: \$2,995

**Note:** A Delivery License is required for each building from which tests are published (i.e. runtime software copied and distributed), not for each package purchased. Therefore, if you purchase multiple copies of Question Mark™, of the same platform, for distribution from the same building, you need only *one* license.
